Exams, quizzes, and grades:
- Exam time % of grade
  - Midterm I 9/29 20%
  - Midterm II 11/10 20%
  - Final 12/10 40%
  - Quizzes 20%

The final exam is comprehensive. There are two midterm exams. A midterm exam, given in class, will cover materials lectured since the previous midterm exam. Quizzes, lasting 15 minutes, will be given weekly in Monday classes except for the weeks of exams. There might be some exceptions that will be announced in class. A quiz will cover materials lectured in the previous week. Home works will be assigned, but no homework will be collected. Letter grades will be on a straight scale, 90-100, A-, A; 80-89, B-, B, B+; 70-79, C-, C, C+, etc.

Absence from exams: Your two lowest quiz scores will be dropped. No makeup quiz will be given. Missing a mid-term exam is permitted only for the most compelling reasons. You should obtain my permission in advance to miss an exam. Otherwise you will be given a 0. If you are excused from taking an exam, a makeup will be arranged in my office hours. Except in extraordinary situations, all students missing the final exam will fail the course.

Graphing calculator: You may use calculator. But powerful models such as the TI-89, TI-95 and comparable calculators are not allowed in exams.
